New this year – Winners Classes – All 3 Coats

Custom YouTube Video Clips Available from DCA

A YouTube clip of your individual DCA entry – a personalized video, for your own website or to post on Facebook for all your friends to see.

All orders for YouTube clips must be made with the club's Video Coordinator within 4 weeks of the show.
After June 20, 2012, the video files from our show could be erased from the editing computers.

Some Uses for your You Tube Clips....

- You can email the URL link to friends and family. Show them your entry at the National!
- If your entry wins an award, the YouTube clip link could be emailed to the AKC Judge with a thank you note!
- If you have your own website – you can embed your YouTube video clip on your website. JPEG photos are great to show.... But video clips of a significant win are a whole lot better!
- Facebook and social networks... it's easy as a Facebook Member to post your YouTube video on your "Wall"... and broadcast your new clip for all your Facebook Friends to see!
